THE DAILY LOG

RECORD BOOK FOR PHYSICIANS

The best intended, most scrupulously filled-out tax reports carry little weight if facts and figures are not available to back them up. You will have these facts and figures, properly organized, when you use the Daily Log—the business record book used by more physicians than any other. Complete in one handy volume—combines many record books into one. Only \$6.50 complete.

this sword means Cancer RESEARCH

For millions cancer research is a race for life.

The American Cancer Society supports research in 100 institutions in 35 states . . . grants aid to 900 investigators . . . trains as fellows 78 young men and women.

However, some vital research has been retarded because of lack of funds . . . twice as many dollars could be used in 1952 under the sign of the cancer sword. Cancer Strikes One in Five. Your Dollars Strike Back.

Senile Pruritus

In any pruritic condition Resinol Ointment fills the need for a quick acting alleviating agent.

For the aged, however, when skin dryness results in persistent itching, Resinol provides remarkable relief. Rich in lanolin, it lubricates as its soothing medicants allay itching and curb dangerous scratching.

Would you like a professional sample? Write Resinol ME-35, Baltimore 1, Md.

THE HISTORY OF THE UNITED STATES

The first part of the history of the United States is the period from the discovery of the continent by Christopher Columbus in 1492 to the establishment of the first permanent settlements. This period is characterized by the exploration of the continent by Spanish, French, and English explorers, and the establishment of the first permanent settlements by the English in 1607. The second part of the history is the period from the establishment of the first permanent settlements to the American Revolution in 1776. This period is characterized by the growth of the colonies, the struggle for independence, and the establishment of the United States as a new nation. The third part of the history is the period from the American Revolution to the present. This period is characterized by the expansion of the United States, the Civil War, and the development of the United States as a world power.
